GENDER SENSITIZATION ACTION PLAN 2023-2024

In our pursuit of fostering a safe, inclusive, and empowering educational environment, our college is committed to implementing a comprehensive Gender Sensitization Action Plan. We strive to promote gender sensitivity and create a supportive atmosphere for the holistic development of our students' personalities. It is a matter of pride that many of our students are the first in their families to pursue higher education.

Our college aims to provide a secure and nurturing environment to ensure the personal and academic growth of our students. To achieve this, we propose the following initiatives:

- Installation of CCTV cameras, security guards and self defence training workshops.
- Organizing diverse events and programs focusing on *Women Empowerment*.
- Enhancing *campus safety and security* measures.
- Conducting *motivational lectures* to expand the intellectual horizons of students.
- Promoting awareness about *physical and mental health* through regular health check-up camps.
- Continuing programs that emphasize *social justice and equality*.
- Arranging *workshops for vocational skill development*.
- Increasing the frequency of *mentor-mentee meetings* for better guidance and support.
- Celebrating *International Women's Day* every year to honour and inspire women.
- Offering *career-oriented counselling sessions* to guide students towards professional success.
- Conducting regular *dental and haemoglobin check-ups* to ensure students' overall well-being.

Through these efforts, we aim to build a progressive and supportive educational environment that nurtures confidence, independence, and excellence in our students.
